

Eight Ways to Make the World a Better Place for Children

- * Be the very best YOU that you can be in every situation.
- * Do your best and feel good that you are giving it your all.
- * Listen, be fully present, keep learning and getting even better.
- * Get the most from ALL your experiences; there is so much to learn – even from those who may not appear to offer much.
- * The very best professionals are always learning – always trying to find new ways to be even better.
- * Being the best YOU that you can be is the greatest gift you can give to children.
- * Our children need and deserve you to be your very best so that they, in turn, can live their best possible life.
- * You do – and will continue to – make a difference!

Gera Jacobs, former president NAEYC
