

HOLIDAY CELEBRATION QUESTIONNAIRE FOR PARENTS

Does your family celebrate any special occasions/holidays/traditions in December?

What are your ideas to best incorporate the holidays/traditions/celebrations of each family into our program?

Would you be willing to come and teach the class about your celebration and traditions?

If you cannot come, would you be willing to donate a food dish, song, dance or other aspect of your tradition that we could share?

How do you feel about your children participating in celebrations that are not a part of your family's traditions?

Our goal is for staff and families to work together to create holiday activities which reflect families currently in the program. Do you have any other suggestions, comments or criticisms?
